Our goal is to provide the finest dental care in a friendly, relaxed atmosphere.

By using the highest quality materials and techniques, we provide our patients with the best possible function while maintaining beautiful esthetics.

We strive to attract and provide continuous care for patients who truly care about the health of their mouths and value our role in this endeavor. We take the time to establish quality relationships based upon mutual respect and responsibility. As a result, our patients appreciate the excellent dentistry we offer and become missionaries for our practice.

# TECHNOLOGY

Dr. Matson believes it's important to continue training and embrace new technology!

We now offer same-day crowns and onlays.

Cutting edge technology opens the door to making dental crowns in a whole new way. A slender wand scans the mouth instead of taking impressions. Then the computer scan communicates with a machine that fabricates the crown or restoration using highly accurate digital technology. The entire process takes only a couple of hours typically, and our patients enjoy both time saving benefits of same day treatment and not having to wear a temporary crown for two weeks, literally eliminating the customary second appointment to finish the work.

## Common Causes of Sensitive Teeth

# The Invisible Way To Straighten Teeth

Invisalign makes it easy to straighten your teeth without bands, brackets, or wires.

Invisalign Appliance

Invisible, removable,  
and comfortable!

Invisalign is a virtually invisible solution so you can smile during as well as after treatment. In fact, no one will know you're wearing them unless you tell. By using a series of clear, removable aligners, Invisalign straightens your teeth right before your eyes. Change them about every two weeks and your teeth will move--little by little--toward the smile you have always wanted.

# Patient Testimonials

“A very special thank you for seeing me on such short notice and fixing my front tooth! I was horrified to see my smile on Tuesday night...all fixed by 9:30 am on Wednesday. It was a miracle. I’m grateful. Blessings.”  
~ Becky

“They offer a neck warmer and you get to watch t.v. or listen to music. I absolutely love Dr. Matson. My husband and I have been coming here for 10 years.” ~ Tammie

“My family and I have been patients since I was in grade school! I now live in Olympia, but I still make the commute because of the exemplary service and care from Dr. Matson. This office has the nicest group of staff you will ever meet. Imagine going in to a business where everyone knows your name and where you work? P.S., there is an indoor rock pond and every patient chair comes standard with a flat screen t.v. with ESPN and a neck pillow.” ~ Brandon

You may select from Starbucks, Restaurant, Amazon, and VISA gift cards.

*Refer someone you care about  
to someone you trust*

My wife Janey and I were married in 1994, and have three beautiful children. We live in a rural part of Enumclaw where Mt. Rainier is “in our backyard.” Caleb’s favorite sport is football, Leah loves horseback riding, and Beth loves dance.

Our family loves Jesus, and we attend Mt. Rainier Christian Center. We are WyldLife leaders (middle school version of Young Life) at Thunder Mountain Middle School. We lead clubs and we take many WyldLife kids to terrific camps every summer. Janey hosts a “Moms In Prayer” group in our home, and we also host a small group from our church. We believe the Lord has called our family to the ministry of “hospitality”, and that is why we strive to make our office an extension of our home!

I began this practice in 1990, and from the beginning we had a vision of creating a warm and homey environment while welcoming in nature through the use of natural slate stone and our pond and plants. Our goal has always been to provide the best possible dentistry in a warm, friendly, nurturing environment!

In 2015, my wife and I began serving in a small village in Burkina Faso, Africa. In 2016, we took dental equipment along, and I spent a week providing dental care to the beautiful people in Burkina Faso while Janey started a chapter of Moms in Prayer. We plan to return annually to continue helping the people in Burkina Faso. They welcome your prayers and support.

*We invite you to begin your journey with us.*
